### Primrose Villas, Chikmagalur - Sumitra Ramu

Primrose Villas, situated at a height of nearly 5,000 feet, on a mountain slope in Chikmagalur, is seventh on our Best Designed Hotels list. The resort that is owned by Sumitra and Ravi Ramu, founder of KPMG India, represents a fluid merging of the outside with the interiors. The Indian and western furniture and their personal eclectic collection of antiques—“acquired over 20 years”—offer an old-world backdrop to enjoy the natural outdoor drama. But above all, the resort is about the view, with its floor-to-ceiling windows, sit-outs, and mostly all-glass walls.
